[redacted] reported Howard Shuman of Senator Proxmire's staff has complained of possible illegal use of an Agency vehicle. Shuman, while at National Airport recently, reportedly saw a man leave the North Terminal and enter a liveried vehicle which Shuman suspected belonged to CIA; he claimed that he later verified Agency ownership via license tags. [redacted] said publicity is likely. Wortman said his office is attempting to identify the user of this courier vehicle at the reported time of 7 p.m., 6 August; he said also that no matter what the facts are, we will be hard pressed to defend against such an accusation. Mr. Carlucci suggested we brief Shuman on our whole courier-fleet activity, etc. [redacted] opined that this would probably fail against Shuman's apparent mindset, but that he will follow up on it.
